

Straxferno

Circle 5: the storage system

Today

Intro

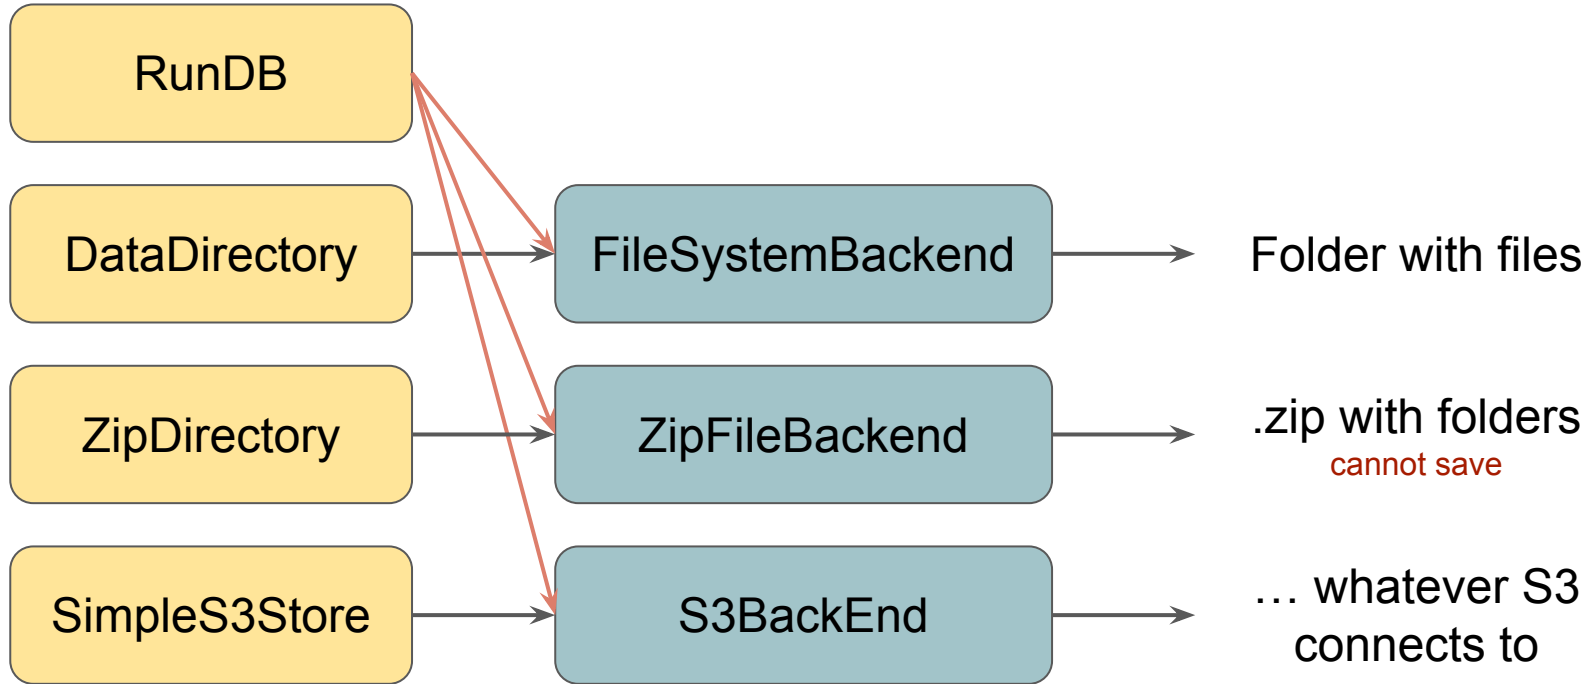

Four mysterious paths

Questions / discussion

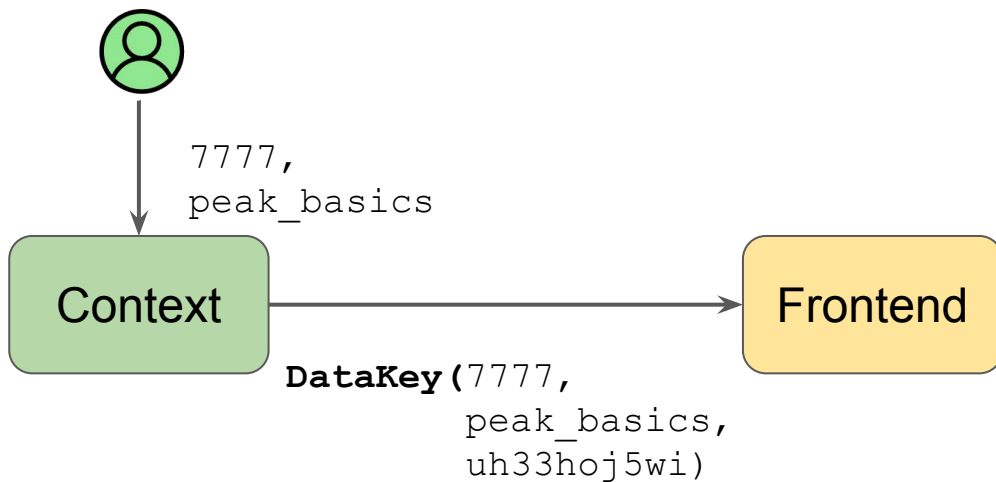

Preview of next week

Storage frontend

Storage backend

Finding data

DataNotAvailable

`StorageFrontend.find`

- Don't take this datatype
- Asked to write, but are readonly

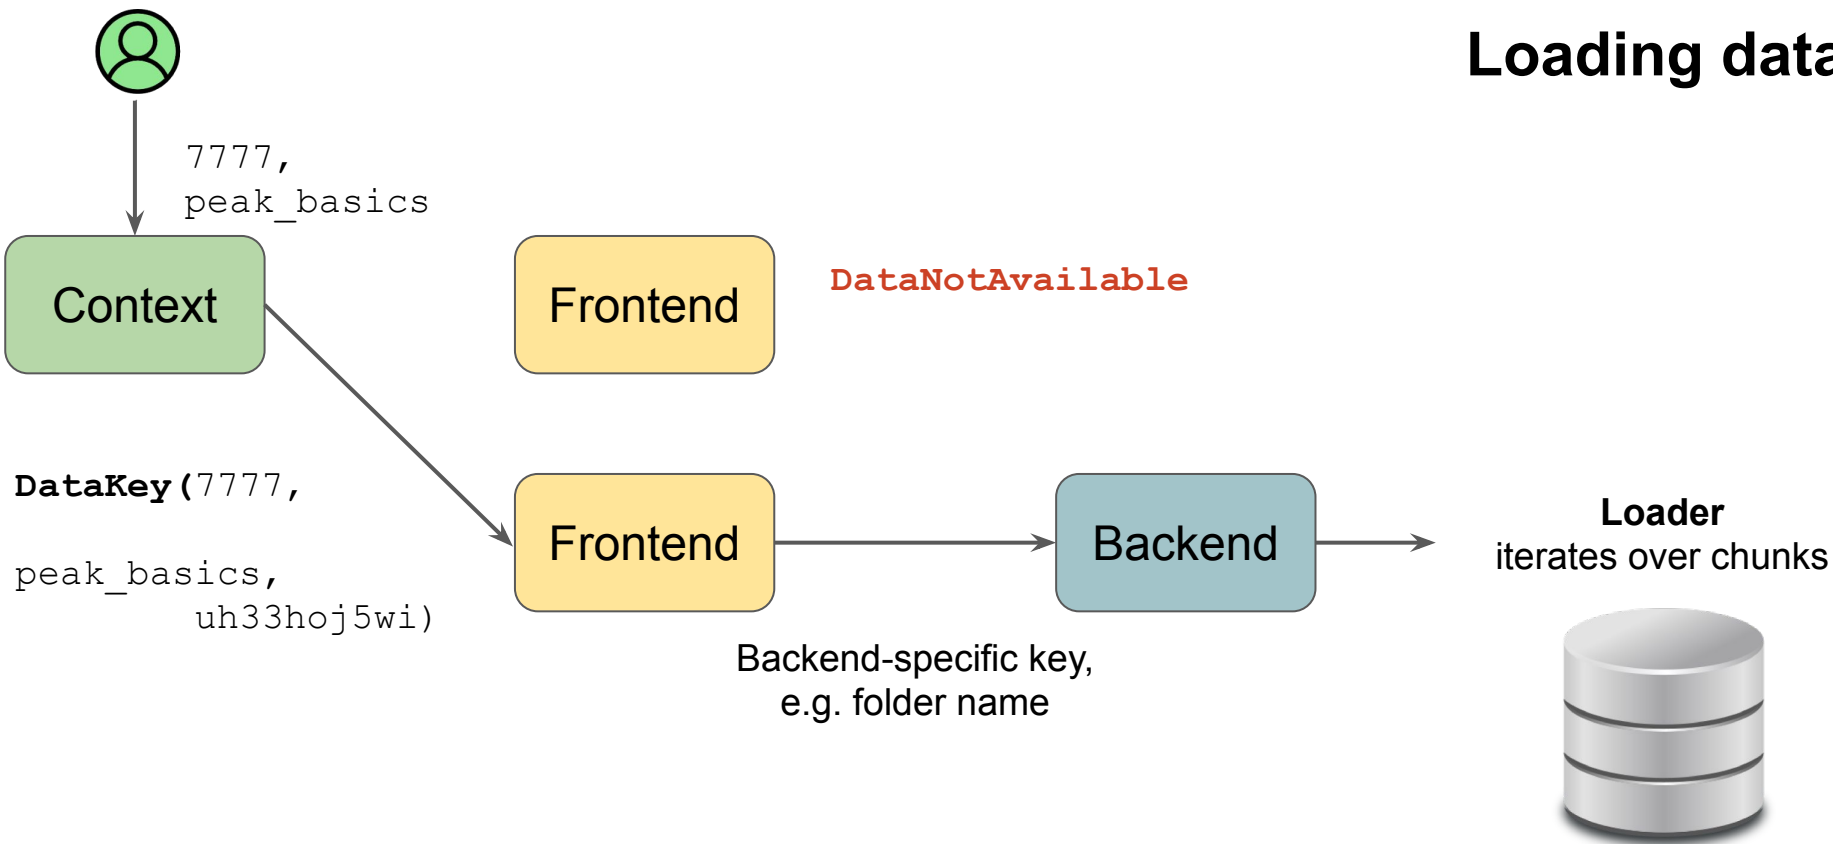

Frontend-specific, e.g.:

- Folder does not exist
- Asked to write, but no permission

DataExistsError, DataCorrupted

Rare, exception raised
